DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 12/23/03 has been entered.

Response to Amendment

2. The amendment filed 12/23/03 has been entered. Claim 20 has been amended. No new matter has been added. Claims 20-38 are under consideration.

Claim Rejections - 35 USC § 102

3. Claim objections and rejections presented in earlier office action are withdrawn in view of the amendment.

Allowable Subject Matter

4. Claims 20-38 are allowed.

5. The following is an examiner's statement of reasons for allowance: The amended claim 20 recites on-site preparation of relief image by laminating, in a specified

sequence, plural layers comprising the image forming plate (printing plate). The image-recording stack and the UV sensitive relief image-forming stack may be laminated on site after a period of not more than 2 months from the fabrication of the stacks.

The cited references teach individual elements of the layers of the stack and as argued by the Applicant, do not explicitly lead to the instant sequenced layer. None of the references teaches forming the relief image on-site or using the composite layers within two months.

Claims 21-38 are allowable for depending from claim 20.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

6. Applicant's arguments presented 12/23/03 have been considered in allowing the claims.
